The name **Wayanad** is derived from **Wayalnadu**, which literally means the land of paddy fields. The district adjoins the states of **Tamil Nadu** and **Karnataka**, and along with parts of these states comprises the **Nilgiris Biosphere Reserve**.

With as much as 26% of its total area coming under forest cover, **Wayanad** is the habitat for an incredible variety of flora and fauna. Vast areas of the district still remain unexplored, waiting to be discovered. Its rugged terrain with outback trails and trekking routes offers countless opportunities for the footloose traveler to enjoy the bounty of nature.
